

New & Exciting Program

MI CENT

Corn Education
Networking
Training

The Corn Marketing Program of Michigan is seeking applications for the inaugural class of the Michigan Corn Education, Networking and Training Program (MI CENT). This program is designed to provide educational opportunities for the next generation of Michigan corn farmers. Topics include agronomy, technology, farm management, the work of the National Corn Growers Association and one topic picked by the class. There will also be plenty of time provided for networking and an optional international tour (for an additional fee).

The program consists of five sessions. The four sessions in Michigan will begin with an evening reception followed by 1.5 days of educational presentations. The session in

Washington, DC will be approximately 3 days. Details for the optional international trip will be provided to the class at a later date. The material will be in-depth, challenging and rewarding.

Participants may be nominated by their peers or they may nominate themselves. Upon nomination an individual will be notified and sent an application form. Forms are also available online at www.micorn.org. Applications are due October 17, 2016. Application review will take place in October and participants will be notified in November. Primary selection criteria includes the applicants' desire and ability to participate. Diversity among farm size, geographic location and agronomy background will be sought as well.
